PROFESSIONAL SUMMARY

Computer Science (Software Development) student at UTeM with strong academic performance and hands-on experience in full-stack web and software development. Dean's List recipient for 5 semesters, with experience in React, Node.js, Express, PostgreSQL, MySQL, and Java through academic and industry-linked projects.

PROJECTS

Automated Inspection and Reporting System (AIRS) | https://github.com/3mdd/AIRS
React, Node.js, Express, MySQL | 2025
• Developed a web-based system for iPetro to streamline pressure vessel inspection documentation, photo handling, approval workflow, and API 510-compliant report generation
• Played a key role in project ideation, planning, and team discussions as an active core member throughout the system development process
• Built dashboard and admin management features, integrated frontend components with backend APIs, and improved key UI flows including navigation, login, and profile pages

Multi-Vendor Sports Facility Booking Platform | https://github.com/3mdd/sports-booking-platform
React, Node.js, Express, PostgreSQL, Prisma | 2026
• Developed a full-stack sports facility booking platform supporting multi-merchant listings and centralized booking
• Implemented connected slot booking, QR-based payment proof submission, booking tracking, reviews, and merchant management features
• Added API-based sentiment analysis for reviews to support feedback insights and platform decisions

Restaurant Menu Management System| https://github.com/3mdd/Restaurant_Menu_Management_System
Java, MySQL | 2025
• Developed a menu management system with item CRUD, search, loyalty points, and bar-chart analytics for restaurant operations

---

TECHNICAL SKILLS

• Programming & Web: Java, C++, JavaScript, HTML, CSS
• Frameworks & Backend: React, Node.js, Express
• Databases & Tools: SQL, MySQL, PostgreSQL, Prisma, XAMPP, phpMyAdmin, pgAdmin
• Development Tools: Git, GitHub, VS Code

CERTIFICATES

Oracle Certified Foundations Associate – Database | Oracle | 09 Feb 2026
Duolingo English Test | 125 (Advanced)
Workshop II Innovation Competition – AIRS Project with Ipetro Services
Complete Full-Stack Web Development Bootcamp (Udemy) — In Progress

---

EDUCATION

Bachelor of Computer Science (Software Development) with Honours, Universiti Teknikal Malaysia Melaka (UTeM) | Expected Graduation: 2027
Current CGPA: 3.82/4.00
Dean's List Award — 5 Semesters | International School, Saudi Arabia (Medium of Instruction: English)
