---

## PROFESSIONAL SUMMARY

Computer Science (Software Development) student at UTeM with strong academic performance and hands-on experience in full-stack web and software development. Dean's List recipient for 5 semesters, with experience in React, Node.js, Express, PostgreSQL, MySQL, and Java through academic and industry-linked projects.

---

## PROJECTS

### Automated Inspection and Reporting System (AIRS) | <https://github.com/3mdd/AIRS>

React, Node.js, Express, MySQL | 2025

- Developed a web-based system for iPetro to streamline pressure vessel inspection documentation, photo handling, approval workflow, and API 510-compliant report generation
- Played a key role in project ideation, planning, and team discussions as an active core member throughout the system development process
- Built dashboard and admin management features, integrated frontend components with backend APIs, and improved key UI flows including navigation, login, and profile pages

### Multi-Vendor Sports Facility Booking Platform (FYP 1) | <https://github.com/3mdd/sports-booking-platform>

React, Node.js, Express, PostgreSQL, Prisma | 2026

- Developed a full-stack sports facility booking platform supporting multi-merchant listings and centralized booking
- Implemented connected slot booking, QR-based payment proof submission, booking tracking, reviews, and merchant management features
- Added API-based sentiment analysis for reviews to support feedback insights and platform decisions

### Restaurant Menu Management System | [https://github.com/3mdd/Restaurant\\_Menu\\_Management\\_System](https://github.com/3mdd/Restaurant_Menu_Management_System)

Java, MySQL | 2025

- Developed a menu management system with item CRUD, search, loyalty points, and bar-chart analytics for restaurant operations
- 

## TECHNICAL SKILLS

- Programming & Web: Java, C++, JavaScript, HTML, CSS
  - Frameworks & Backend: React, Node.js, Express
  - Databases & Tools: SQL, MySQL, PostgreSQL, Prisma, XAMPP, phpMyAdmin, pgAdmin
  - Development Tools: Git, GitHub, VS Code
- 

## CERTIFICATES

Oracle Certified Foundations Associate – Database | Oracle | Feb 2026 | [Click here for certificate verification](#)

Workshop II Innovation Competition – AIRS Project with Ipetro Services

Complete Full-Stack Web Development Bootcamp (Udemy) — In Progress

---

## EDUCATION

**Bachelor of Computer Science (Software Development) with Honours**, Universiti Teknikal Malaysia

Melaka (UTeM) | Expected Graduation: 2027 | Dean's List Award — 5 Semesters

Current CGPA: 3.82/4.00

International School, Saudi Arabia (Medium of Instruction: English)

**Languages:** English (Advanced, Duolingo English Test: 125) | Arabic (Native)
